

Ikons Systems Limited

Training Calendar 2023

INTRODUCTION

We are “The Ikons”!

The Ikons Systems Limited, established in 2008, is registered as a limited-liability corporation in Nigeria. The Ikons Systems is a one-stop centre for IT trainings, Cloud computing offerings, Network security solutions and web development.

We are a team full of great energy and passion for what we do; we don't just talk the talk, we also walk the walk to ensure we deliver the best services to our clients.

AT IKONS

Our Vision

Is to be the company of choice for all things IT-related.

Our Mission

Is to use all available resources to deliver excellent IT vsolutions that attend to the needs of our clien

The Values of Our Company

Our core values are **commitment, professionalism, creativity, collaboration and know-how.**

WHAT WE DO

We offer services that deliver value to our customers.

Business Solutions

Great businesses, after having capable people, always need the best tools to maximise productivity, value and increase profit.

At Ikons Systems, our experience covers from consulting, to deploying the most suitable solutions to businesses in order to achieve and surpass goals. We also have the resources to carry this out, and our track record speaks for itself.

Cloud Solutions

Businesses of every size are embracing Cloud Technology to advance their IT capabilities and set themselves up for longterm growth. Position your business to run smarter and more efficiently by investing in Cloud solutions today. Whether it be for Cloud Deployment or Cloud Marketplace (Microsoft 365, Azure, License-Based Products), we come in for all design, management and migration aspects

Web Development

We help our clients develop mobile friendly websites utilising the most recent web innovations. Our deliverable includes:

E-commerce Website Development,
CMS Website Development and Custom
Portal Development

Learning Solutions

We have different training options that will suit your need, whether you are training for certifications or job skills. These trainings could be individual or corporate. They could also be virtual or in-person, with the added option of on-site training at the client's request.

We offer Bootcamps, Masterclasses, extended trainings and specialised trainings such as for IBM. Our trainers have both on-the-job skills and teaching skills to make every training experience a very memorable and informative one.

IT Security

Is your IT network truly secure? With our Network assessment and security solutions, you can rest assured that it is. We have partnered with the best security vendors to help ensure we deliver excellence and value to our customers. Our security partners include: SolarWinds, Kaspersky, Net Analytics, EC-Council.

Our security services include:

- Penetration Testing
- Web Application Security
- Email Security
- Security Awareness Training
